PETITION

Dear Commissioner:

On December 15, 2000, applicant filed a Rule 53(b) Divisional Application in respect to a prior pending parent U.S. Application Serial 09/217,380 filed December 21, 1998. U.S. Application Serial 09/217,380 is still pending in the USPTO.

The 12/15/00 Rule 53(b) filing included a copy of the specification, claims, declaration, and drawings of figures 1 - 10 of the parent application 09/217,380. It is applicant's practice to include a copy of all materials as filed in a referenced parent application for a Rule 53(b) filing of any nature. (The filing also included a preliminary amendment in order to prosecute the non-elected species in the divisional

application which were withdrawn from consideration by the examiner in the parent application 09/217,380).

One page of drawings (figs 7-10) are apparently missing from the PTO file.

While the postcard accompanying the Rule 53(b) divisional application has not yet been received, it is believed that the fact that a filing date was assigned to the divisional application is the best proof that this divisional application was in fact received by the USPTO. Applicant includes herewith a copy of the Rule 53(b) application form along with a copy of the postcard and express mail transmittal document together with a copy of all drawings from the undersigned's file including the apparently missing figures 8-10 as requested in the notice. A copy of the Notice to File Corrected Application Papers also accompanies this filing.

It is believed that this meets the offices' request for inclusion of the drawings of figures 7-10 into this Rule 53(b) divisional application. In the alternative, if this is not sufficient to meet the request in the notice, applicant requests that this application be assigned a filing date as of the USPTO receipt of these figures 7-10. This alternative is requested primarily due to the absence of the return postcard from the USPTO.

If there is a fee due for this petition, please consider this authorization to charge Deposit Account 12-1347 for any additional fee.

Favorable action is solicited.

Respectfully submitted,

William S. Lightbody

FILING TO CORRECT APPLICATION PAPERS

Dear Commissioner:

The USPTO issued a Notice to File Corrected Application Papers on January 24, 2001. Applicant includes herewith a substitute specification with claims and abstract complying with the correct size requirements of 8+1/2"x11" paper as requested by the notice.

In respect to the drawings, applicant is having formal drawings prepared by a Washington drafting service for filing in this application. We believe this will meet the request in the notice for substitute drawings.

In respect to figures 7, 8, 9, and 10 as described in the specification, applicant is filing a petition herewith in respect to such drawings. It is believed that this will meet the request in the notice in respect to this matter.

Favorable action is solicited.

Respectfully submitted,

William S. Lightbody

Title of invention

NOTE: 37 CFR 1.53(B) permits the omission of a declaration only if the prior application was complete as set forth in 37 CFR 1.51(a), namely, the prior application comprised at least (1) a specification, including a claim or claims; (2) a declaration; (3) drawings when necessary; and (4) the prescribed filing fee. Accordingly, as presently worded, 1.53(B) does not permit this procedure to be used where the prior application is pending but only the processing and retention fee required by 37 CFR 1.21(f) is paid or where the declaration was not filed.

1. Copy of Prior Application as Filed That Is Attached

NOTE: Under 1.53(B), practice signing and execution of the application by the applicant may be omitted provided the copy is supplied by and accompanied by a statement by the applicant or his or her attorney or agent that the application papers comprise a true copy of the prior application as filed and that no amendments referred to in the declaration filed to complete the prior application introduced new matter therein.

NOTE: This statement need not be verified if made by an attorney registered to practice before the PTO.

☒ I hereby verify that the attached papers are a true copy of what is shown in my records to be the above identified prior application, including the oath or declaration originally filed.

The copy of the papers of prior application as filed which are attached are as follows:

☒ 20 page(s) of specification

☒ 7 page(s) of claims

☒ 1 page(s) of abstract

☒ 4 sheet(s) of drawing

(also complete part 6 below, if drawings are to be transferred)

☒ 7 pages of declaration and power of attorney

(If the copy of the declaration being filed does not show applicant's signature, because the attorney's records do not contain a copy of the signed declaration actually filed for the application, indicate thereon that it was signed and complete the following:)

☐ In accordance with the indication required by RULE 1.53B, my records reflect that the original signed declaration showing applicant's signature was filed on _____

☐ the amendment referred to in the declaration filed to complete the prior application and I hereby state, in accordance with the requirements of 37 CFR 1.53B, that this amendment did not introduce new matter therein.

☐ DUE TO THE STATUS OF THIS APPLICATION AS A CONTINUATION-IN-PART, A NEW DECLARATION AND POWER OF ATTORNEY ARE ATTACHED HERETO.

WARNING: "The claim of a new application may be finally rejected in the first Office action in those situations where (1) the new application is a continuing application of, or a substitute for, an earlier application, and (2) all the claims of the new application (a) are drawn to the same invention claimed in the earlier application, and (b) would have been properly finally rejected on the grounds or art of record in the next Office action if they had been entered in the earlier application." MPEP § 706.07(b).

☐ Cancel in this application original claims _____ of the prior application before calculating the filing fee. (At least one original independent claim must be retained for filing purposes.)

☒ A preliminary amendment is enclosed. (Claims added by this amendment have been properly numbered consecutively beginning with the number next following the highest numbered original claim in the prior application.)

NOTE: Only amendments reducing the number of claims or adding a reference to the prior application (§ 1.78(a)) will be entered before calculating the filing fee and granting the filing date. 37 CFR 1.60(b)(4).

3. Petition for Suspension of Prosecution for the Time Necessary to File an Amendment

NOTE: Where it is possible that the claims on file will give rise to a first action final for this continuation application and for some reason an amendment cannot be filed promptly (e.g., experimental data is being gathered) it may be desirable to file a petition for suspension of prosecution for the time necessary).

(check the next item, if applicable)

☐ There is provided herewith a Petition To Suspend Prosecution For The Time Necessary to File An Amendment (New Application Filed Concurrently).
